

ERIN JOHNSON LEGAL

ATTORNEY AT LAW & MEDIATOR

ESTATE PLAN PACKAGES

Erin will assist you in determining which estate plan package is most appropriate for your specific situation during your consultation.

In addition to what is outlined in the three packages below, each estate plan package includes the following documents for each signing adult:

Health Care Advance Directive to name the people you trust to make decisions for you in worst case scenarios, including end of life care; and

General Durable Power of Attorney to identify who cares for your finances if unable to do so yourself.

SIMPLE WILL	WILL WITH BUILT-IN TRUST	WILL WITH REVOCABLE LIVING TRUST
For individuals or couples without minors, to set in place instructions for what will happen to your assets. No matter your situation, Erin would be honored to hear your story and ensure your estate plan leaves the legacy you desire.	For families with minors, disabled children or children you don't want to receive all assets outright. This Will identifies a Guardian for minor children and provides guidance for when and how assets are to pay out.	For families with multiple properties, especially properties interstate, or with other complex assets. This package is also best for those wishing to avoid the probate process at the time their Will is executed.

\$840

\$1,830*

**Erin Johnson Legal reserves the right to add additional fees for certain complexities that may require additional time and resources. Such complexities are often foreseeable and will be discussed at your consultation.*

ALREADY HAVE AN ESTATE PLAN?

Does your Will still name Guardians for your minor children who now have children of their own? Erin charges a \$280 fee to review your current documents and consult with you about any suggested changes. Should you choose to hire Erin to draft new documents, this fee will then be deducted from your selected Estate Plan package.
